Dimensions, weights and content.

System with internal water tank	w	d	h	kilo	ltr
Universal 12V	80	70	24	18.6	14
Universal 24V	88	73	24	20	14
Medium 24V	80	70	24	18.6	14
Agro / Offroad	88	73	24	20	14
System with external water tank	w	d	h	kilo	Ltr
Universeel MINI 24V	76	57	19	15	30

Water usage:

500ml up to 1500ml/h depending on the outside temperature and humidity

Water capacity:

Internal water tank 14 Lt (+/- 14 hours, depending on the outside temperature and humidity).

External water tank 30Lt, option (+/- 30 hours, depending on the outside temperature and humidity).

Motor:

Made by Bosch

12V:10A

24V:7A

3950rpm

400m³/h

Waterpump:

Made by Siemens VDO

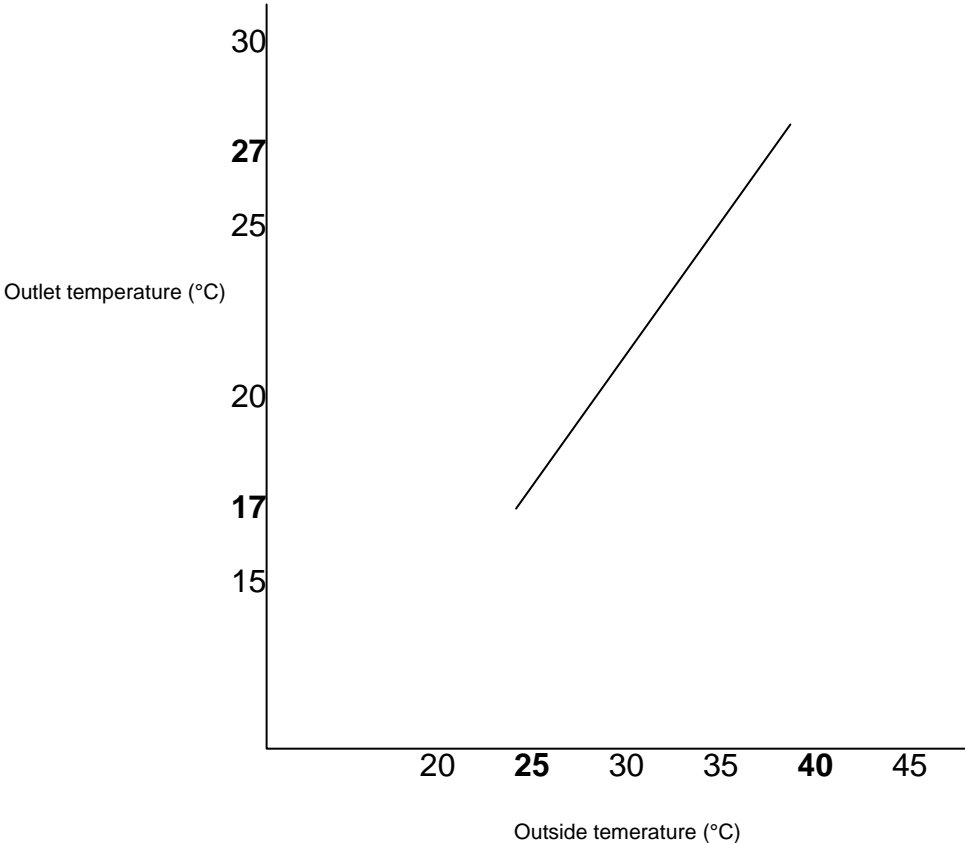

Cooling Capacity:

1300 Watt
